5B  General Guidelines for National Parks

National Parks of Canada and National Park Reserves of Canada

General guidelines for National Parks and National Park Reserves

Under the Canada National Parks Act (S.C. 2000, c. 32), the Parks Canada Agency has the authority to manage national parks (listed under Schedule 1 of the Act) and national park reserves (listed under Schedule 2 of the Act) on behalf of the people of Canada and is responsible for granting permission to enter any lands or waters for which it has jurisdiction. Visitor permits and/or business licenses are required before entering the boundaries of all national parks and national park reserves, and other permitting requirements may exist.

For general information regarding Canada's National Parks and National Park Reserves, please contact the Parks Canada National Information Service at 1-888-773-8888 or information@pc.gc.ca, or visit our website: www.parkscanada.gc.ca.

1. National Parks in Nunavut

With the exception of Inuit to whom the Nunavut Agreement applies, anyone entering a national park in Nunavut, including all marine areas, requires authorization from Parks Canada. Authorization normally occurs through a visitor use permit and/or a business licence.

All vessels wishing to enter marine areas of national parks in Nunavut must contact the local park office and register prior to entering. Additional permit requirements and restrictions may apply.

Restrictions

With the exception of Inuit who have the free and unrestricted right of access to the national park for the purpose of harvesting, all vessels wishing to enter marine areas within Quttinirpaaq National Park must contact the park office (867-975-467) prior to entering the park.

The following additional restrictions also apply:

- Cruise ship access is only allowed in Tanquary Fiord.
- Private motorized activities are not permitted in the park and
- Recreational fishing is prohibited in all park waters.

Additional Recommendations

Parks Canada recommends that all vessels mooring or transiting adjacent to Quttinirpaaq National Park contact the park office, especially those wishing to disembark onto national park lands as permits, registration, and orientation to the park are required.

Permitting Requirements

Visitor use permits are required for all visitors. A visitor use permit is granted after an advance and mandatory orientation with Parks Canada staff. This permit can be obtained on site at the local park. Contact the park well in advance (at least 90 days) if planning non-routine activities (e.g. other than hiking or skiing), as additional permits may be required.

In addition to visitor use permits, permits are required for operating a business (guiding, outfitting), filming and commercial photography, landing an aircraft, establishing a cache or base camp, or transporting a firearm through the park. Permits must be acquired through the Parks Canada office well in advance of the proposed activities; some permits may take 90 days or more to be issued.

Permit applications for research and collection activities within park boundaries need to be submitted by February 28 for summer and fall field work and by October 30 for winter and spring field work. For details on what is required in research and collection permit applications, please contact pc.rechercheparcsnunavut-nunavutparksresearch.pc@canada.ca.

Anyone wishing to enter the park for reasons other than those stated above (e.g. other government departments) should contact Parks Canada at least 60 days in advance of their trip.

Reporting of Incidents

All incidents occurring within Quttinirpaaq National Park must be promptly reported to Parks Canada by calling 1-877-852-3100 or 1-780-852-3100.

1.2 Auyuittuq National Park of Canada

Coordinates
Restrictions

With the exception of Inuit who have the free and unrestricted right of access to the national park for the purpose of harvesting, all vessels wishing to enter marine areas within Auyuittuq National Park must contact the park office (Office in Pangnirtung - 867-473-2500, Office in Qikiqtarjuaq – 867-927-8834) prior to entering the park.

The following additional restrictions also apply:

- Cruise ships are currently not allowed in the fiords located within the park.
- Only guided boat access is allowed within Coronation, Maktak and North Pangnirtung Fiords. Coronation and Maktak Fiords are closed in late summer and fall to respect narwhal harvesting by Inuit. The exact closing dates are set every year when the first whales are seen and the park must be contacted for details on the timing of this closure. Private motorized activities are not permitted. Please contact the Qikiqtarjuaq Office 867-927-8834 for these areas.
- Recreational fishing requires a permit.

Additional Recommendations

Parks Canada recommends that all vessels mooring or transiting adjacent to Auyuittuq National Park contact the local park office, especially those wishing to disembark onto national park lands as permits, registration, and orientation to the park are required.

Permitting Requirements

Visitor use permits are required for all visitors. A visitor use permit is granted after a mandatory orientation with Parks Canada staff. This permit can be obtained on site at the local park office. The park office should be contacted in advance if for any reason a visit to the park office will not be possible.

Contact the park well in advance (at least 90 days) if planning non-routine activities (e.g. other than hiking or skiing), as additional permits may be required.

In addition to visitor use permits, permits are required for operating a business (guiding, outfitting), filming and commercial photography, landing an aircraft, establishing a cache or base camp, or transporting a firearm through the park. Permits must be acquired through the Parks Canada office well in advance of the proposed activities; some permits may take 90 days or more to be issued.

3. National Parks in Central Canada

3.1 Thousand Islands National Park of Canada

Coordinates
Thousand Islands National Park consists of several ecologically important mainland properties and more than 20 islands between Kingston and Brockville. Established in 1904 as the first Canadian national park east of the Rockies, Thousand Islands celebrated its centennial in 2004. The park islands and mainland properties are protected under the Canada National Park Act (S.C. 2000, c.32).

Restrictions
Thousand Islands manages sixty-two water lots along the park’s shoreline (see Map A below). Most water lots have public access docks or mooring cans which require permits for daily or overnight use. The water lot in front of Central Grenadier Island contains a quiet zone marked by water spars.

3.2 Georgian Bay Islands National Park of Canada

Coordinates
Georgian Bay Islands National Park of Canada

Georgian Bay Islands National Park is made up of 48 islands that are strewn along 50 km of eastern Georgian Bay from Honey Harbour to Twelve Mile Bay and are part of the world famous 30,000 Islands. Beausoleil Island is the largest park island and is the hub for activities.

Established in 1929, Georgian Bay Islands National Park straddles an area of St. Lawrence lowlands and pure Canadian Shield and forms a core part of the Georgian Bay Biosphere Reserve. The park islands are protected under the Canada National Park Act (S.C. 2000, c.32).

Restrictions

Georgian Bay Islands manages several water lots along the park’s shoreline (see map below). Several water lots have public access docks which require mooring permits.

The water lot in front of Cedar Spring contains a quiet zone marked by water spars and a designated swimming area. The Tobey dock within this water lot is also monitored for length of stay restrictions.

NOTICE TO MARINERS

General guidelines for National Historic Sites

Under the Canada National Parks Act (S.C. 2000, c. 32), the Parks Canada Agency has the authority to manage national historic sites under its administration on behalf of the people of Canada and is responsible for granting permission to enter any lands or waters for which it has jurisdiction. Visitor permits and/or business licenses may be required to enter a national historic site, and other permitting requirements may exist.

For general information regarding Canada’s National Historic Sites, please contact the Parks Canada National Information Service at 1-888-773-8888 or pc.information.pc@canada.ca, or visit our website: www.parkscanada.gc.ca.

Wrecks of HMS Erebus and HMS Terror National Historic Site of Canada

In 1992, the wrecks HMS Erebus and HMS Terror were designated as a national historic site under the Historic Sites and Monuments Act, despite the locations of both wrecks being unknown at that time. The wrecks were designated for their direct association with Sir John Franklin’s last expedition. In September 2014, an expedition led by Parks Canada discovered the wreck of HMS Erebus. Two years later, the wreck of HMS Terror was located.

In April 2015, a 10 km by 10 km area of seabed surrounding HMS Erebus was added to the National Historic Sites of Canada Order. In 2017, the site of HMS Terror was added, comprising a protected area measuring 57.8 km² (approximately 6 km by 10 km). The sites now benefit from legal protection under the Canada National Parks Act (S.C. 2000, c. 32) and relevant regulations, which prohibit the removal of artifacts and allow for control of access and activities that may damage the wrecks. This is the 168th national historic site administered by Parks Canada and the first in Nunavut to be co-managed with Inuit.
